

Oracle Global Leaders Program

The Global Leaders Program is an elite forum for key Oracle customers worldwide who implement database and big data solutions on cloud or on premise. It is managed by the Oracle product management team, and serves to establish an open communication channel for providing product insights, solution planning and implementation success. It also provides a rich opportunity to network with peers through regional and global communities.

Oracle aims to foster success and open two-way communication with its key global database and big data customers who will be public about their achievements:

Integration

Testimonials from Customers:

Collaboration

"The Global Leaders Program is a great source for collaboration with peers from other organisations. We learn from their skills and have the platform to share our experience. I have been part of the program for more than 10 years at my last company and will continue to benefit from this excellent program." **Ferhat Sengonul – DBA Manager - Garanti Bank, Turkey** (past DBA of the Year Excellence Award winner)

Networking

"It's a pleasure to participate with everyone involved in the Global Leaders Program, and always fun to present interesting information."

Miles Oustad - Architect – MnSCU, USA

Opportunity

"We've grown our business and taken it to a new dimension implementing Oracle Database Cloud Services. But it's not only the technology, working with Oracle and particularly the Global Leaders Program has opened the door for great networking, and even greater exposure and growth for our company. It's a great journey and partnership." **Michelle Plecha - Data Scientist - DX Marketing, USA**

Best Practice

"Knowledge of best practice through the Global Leaders program has helped enable the success of our Retail Store Sales Business Intelligence and Data Warehouse implementations through the years." **Rand Bell - Architect - Starbucks Coffee Company, USA** (past DBA of the Year Excellence Award Winner)

Education

"Overall, the variety of information and networking provided by the program has given us new avenues to pursue our goals beyond the normal relationship." **Shawn Hilleary - Data Architect – MasterCard, USA**

Product Development Contact

"The Global Leaders Program has helped us tremendously in putting us in touch with the key people from the Oracle Development teams, enabling us to design and implement our Big Data architecture and strategy. In addition, the opportunity to network with other customers going through similar experiences is invaluable." **Luis Esteban - CDO - Caixa Bank, Spain**

Global Leaders Program

"I consider this Program the most efficient mechanism of communication between Oracle, customers and partners I've ever seen during my more than 25 years experience working with Oracle." **Alexey Golosov - President – FORS, Russia**
